AN IMPORTANT CHANGE

Money Orders to be Paid at This
Office After Oct 1

Postmaster Sides has received from
Washington notice of an important
change in the money order department
of the postal system. After Oct 1,
money orders will be issued payable at
the office of issue, something never be-
fore done. This will doubtless be a
great convenience to the public, espe-
cially to those not having bank ac-
counts. It is held to be another step
towards the establishment of postal
savings banks.

Under this new arrangement, a man
having a large sum of money which he
does not care to carry or place in a
bank, can get money orders for it at the
post office and carry them instead, until
he desires to withdraw the money for use.

THE IOWA MOVES TODAY

The Will Join the Oregon, and Both
Will Then Start on the Long Cruise to Manila

New York, Sept. 30, 1898.—At the
navy yard tonight it was said that the
battleship Iowa would leave the navy
yard at 9 o'clock tomorrow morning to
meet the Oregon at Tompkinsville.
Work on the new elevating machinery
for the Iowa's guns was completed on
Thursday afternoon, and everything is
in readiness for sailing. The Oregon
and the Iowa will be accompanied to
Manila by the supply ship Celtic and
the distilling ship Iris.

A REMARKABLE SHOWING.

At a meeting of the directors of the
Provident Mutual Relief association held
in Concord this week the resignation
of Rev. A. C. Hardy, formerly of
this city, the efficient secretary of the
association, was received and accepted,
and E. W. Smith, a prominent insur-
ance man of Manchester, was elected to
fill the vacancy.

The following resolution was adopted
and ordered spread on the records:
Resolved, That the directors of the
Provident Mutual Relief association de-
sire to place on record their deep ap-
preciation of the fidelity, integrity and zeal
with which Rev. A. C. Hardy has dis-
charged the duties of secretary of the
association from its organization in 1878
to the present time. In accepting Mr.
Hardy's resignation on account of ill
health, the directors do so with much
regret, and express the hope that free-
dom from official cares may speedily re-
store him to health and vigor.

Mr. Hardy retires from the associa-
tion on account of his health, which
has become sadly impaired, and in ad-
dition he has reached an age when he
considers it time to retire from the cares
of business, and to get some enjoyment
out of life. The association is of his
own creation, and in the twenty-two
years he has been at its head he has
seen it grow and expand until it has be-
come one of the solidest companies do-
ing an assessment business in the coun-
try. In the twenty-two years he has
paid out to widows and orphans more
than \$1,750,000, and of this immense
sum not a dollar has been misapplied
or used for other purposes than meet-
ing the claims against the association—
a remarkable showing.

Jack and the Beanstalk

Klaw and Erlanger saw the possibili-
ties of Jack and the Beanstalk, pur-
chased it, gave it the richest invest-
ment of scenery, costume and mounting
ever enjoyed by any similar produc-
tion, engaged the services of the cream
of the profession in extravaganza,
brought together a chorus and ballet,
every member of which laid claim to
unusual charm of face and figure, and
gained their reward by playing to such
receipts as are seldom heard of even in
these days of mammoth productions. In
the engagement here, materially the
same corps of principals that has been
identified with "Jack" from the be-
ginning, will be seen. The few changes
that have been made, have served to
add to the vocal strength of the orga-
nization. Louise Hepper, a charming
comedienne, and the possessor of a
cultivated voice, will be seen as "Jack."
Marie Celeste, sprightly and chic, will
be "quite contrary" Mary. Nellie
Lynch will resume her place as Miss
Muffet. The comedy element will be
supplied by Marry Kelly, Ross Snow,
Henry Clay Blancy, Henry Leone, H.
M. Morse, Dan Baker and others.

Rushing the Work

The foundation for the new rectory
for Christ church and on the parish lot
is about completed, and work on the
main structure will be vigorously
pushed. It will be a handsome build-
ing and it is expected to be ready for
occupancy by March 1, 1899.

Overstayed Their Liberty

Privates O'Brien and Conley of the
marine corps were brought here on
Thursday from Boston by Sergt. Ste-
vens, they having overstayed their lib-
erty.

CITY BRIEFS.

October 1.

Bonfires are popular.

This is the last brown month,
Crawford Notch excursion on Octo-
ber 3rd.

Tomorrow will be rally day in the
churches.

The football season will open in this
city today.

Feminine fall hats will blossom in the
churches tomorrow.

It looks like a heavy and prolonged
drought up in Canada.

To Bartlett via Fabyans and Craw-
ford Notch on October 3rd.

Jack-a-lanterns made of pumpkins and
cigar boxes are all the rage just at present.

Lawyer Abbott (Moulton) of New
Haven, Conn., is to open an office in this
city.

Police Officer Henry Holbrook has
returned to duty after a ten days' vaca-
tion.

The old resident's prophesy about
Indian summer has been fulfilled pretty
well so far.

You will never regret it if you go on
the excursion through Crawford Notch
on Monday.

Several departments at the shoe fac-
tory are closed down today and the em-
ployees are having a holiday.

The First New Hampshire regiment
of volunteers will go into camp one
week from next Wednesday to be must-
ered out.

Crawford Notch is renowned for its
grand and impressive scenery.

Eastman's orchestra, twelve men, will
leave this city tomorrow, Sunday, to at-
tend the rehearsal of the Maine Sym-
phony convention.

A fire engine company from Maine,
which will attend the muster at Wey-
mouth, Mass., were aboard the Pullman
on Friday evening.

One of the greatest trips of the sea-
son comes on Monday.

Sergeant Gallagher has moved his
family from Badger's island and has
taken up a residence in the Moses house
on Islington street.

Mrs. Florence Goodrich, for several
years the efficient housekeeper for the
Cottage hospital, finished her duties at
that institution on Friday.

Visitors to Portsmouth or persons in-
terested in this historic city should se-
cure a copy of the souvenir number of
the Portsmouth Herald, containing over
two hundred fine illustrations of Port-
smouth and environments and much in-
teresting descriptive matter, pertaining
to the same.—*Dust in Home Journal*

Think of it, \$2.00 for a trip to and
through Crawford Notch on Octo-
ber 3rd.

Secretary Long's estimates for his de-
partment for the coming year make
some very large figures, but we do not
suppose that the people will begrudge
the department a dollar of the money it
needs. Everybody is mighty proud of
our navy and its management.

PERSONALS.

Mr. and Mrs. Frank W. Rice have re-
turned from a visit to Alton Bay.

Mr. Silas P. Wentworth of this city is
visiting in Rochester, his former home.

Ex Governor Charles H. Sawyer of
Dover was a visitor here on Friday evening.

Rev. J. G. Dutton of Kittery is to sup-
ply the pulpit of the Christian church at
Laconia on Sunday.

Mr. and Mrs. Harry Woods and Mr.
and Mrs. Harrie M. Foote, returned from
their vacation on Friday evening.

Miss Annie F. Mallin of Somerville,
Mass., is in town, the guest of her coun-
cil, Mr. John W. Gerrish, State street.

Alderman Harry B. Yeaton and family,
who have been passing the summer at
Wallis' Sands, returned home on Fri-
day.

Mr. Fred W. Emery will leave today
for St. Johnsbury, Vt., and on his return
he will bring home his fast pacer, Sa-
vena.

Mr. John E. Holland, correspondent of
the Manchester Union, went to his home
in Dover on Friday to doctor for a se-
vere cold.

Mr. Turner of Everett has returned to
his friends, Mr. and Mrs. Almon Jenness,
having gone through a critical operation
at the Cottage hospital.

Mr. Arthur Astor Carey and family
close their summer residence at Little
Harbor today, Saturday, and reopen
their winter home in Boston.

Miss Daisy Blaisdell of Everett has
been spending her vacation with her
uncle, Almon Jenness, South street.
She will return to her home the first of
October.

Scratch, scotch, scotch; unable to
attend to business during the day or
sleep during the night. Itching piles,
horrible plague. Doan's Ointment
cures. Never fails. At any drug store,
50 cents.

STRAIGHT HEATS

Fall Harness Meeting at Dover
Brought to a Close

The fall harness meeting at the
Granite State park was brought to a
most successful close Friday afternoon.

MISS COLGATE KILLED

Manchester Young Woman Shot by
the Accident of Discharge of a Re-
volver

MANCHESTER, N. H., Sept. 30.—Miss
Elizabeth Colgate, daughter of Mrs.
Clinton J. Colgate of this city, accident-
ally killed herself this afternoon. While
handling a revolver the weapon was dis-
charged and the bullet, passing through
her breast, caused instant death. Miss
Colgate was 25 years old, and was en-
gaged to be married to Dr. Roland C. x
of New York.

DRELFUS MOVED

Prisoner Taken From Devil's Island
to Cayenne

PARIS, Sept. 30.—It is rumored that
Dreyfus has been transferred from the
Ile du Diable to Cayenne, where he
awaits a steamer to bring him to a
French or an alien port.

Here's the Ballet Girl

Edward E. Cole's superb production
of his latest successful extravaganza,
"The Ballet Girl," with the same cast
of 70 talented artists, which character-
ized this production all last season in
New York and Boston, will be seen
here Oct. 6 at Music hall.

"The Ballet Girl" is one of those
bright, breezy, dazzling shows for
which Mr. Cole is famous. It is full of
action, bustle, and dash, lots of spec-
tacularities of a clever kind, scores of pretty
girls, gorgeous costumes and beautiful
scenery, a remarkable number of
catchy and musical songs which are
thoroughly original and novel. It is
entitled "A Room," and it is undoubt-
edly one of the very best in the whole
category of topical selections. There is
a startling quadrille, called the "Bal
Ballier," which moves with a whirl and a
swing, a kaleidoscopic whirl of lingerie
that is positively entrancing; it is ex-
ecuted by 10 French dancers, whose feet
seem to scarcely touch the stage but to
float in the air above it in such a
manner as to reveal glimpses of silk
and lace under skirts and hosiery in ar-
tistic profusion.

SENATOR OF ANDLER'S KEEN MIND.

Senator W. E. Chandler had a con-
ference on Friday morning in Washing-
ton with Agorillo, secretary to Philip-
pine insurgent leader, to try to find
out just what are the desires and objects
of Aguinaldo and his followers. The
keen mind of the New England sena-
tor enabled him to get a good idea of
what is wanted.

From his point of view the Filipinos
desire these things:

First—The absolute relinquishment of
Spanish sovereignty over the Philip-
pine archipelago. They want this to be
frozen, indelibly fixed, in the final peace
treaty to be agreed to at Paris.

Second—They are permitted to estab-
lish a government of their own in the
islands under the protection and super-
vision of the United States.

Third—If they cannot succeed in this
they want the United States to annex
the islands or in some other way be-
come responsible for their future gov-
ernment.

But first and paramount is their in-
sistence that pain must cease to be in-
flicted in the Philippines.—*Washing-
ton Star*

ELECTION OF OFFICERS.

At the regular meeting of the Ep-
worth League, held at the Methodist
vestry Thursday evening, the annual
election of officers occurred. The fol-
lowing were elected for the ensuing
year:

President, Arthur Tisdale;
First Vice President, Emma Riley;
Second Vice President, Mrs. J. T.
Davis;

Third Vice President, J. Jameson;
Fourth Vice President, Mrs. G. B.
Chadwick;

Secretary, Amelia Jones;
Treasurer, John Gerrish.

The new officers will be installed at
the regular service next Sunday eve-
ning at 5:45, to which all are cordially
invited.

TO SAVE THE COLON.

Lieut. Hobson's work on the Teresa
was so successful that the navy depart-
ment has given the young constructor
all of the assistance which it was pos-
sible to extend in the prosecution of his
further work.

It now proposes to give him further
aid in his effort to raise the Colon, by
the finest ship of the Spanish squad-
ron. Whatever credit has been earned
by Constructor Hobson by reason of the
Teresa would, in the opinion of Mr.
Allen, be largely exceeded if the at-
tempt to raise the Colon results success-
fully. In the case of this ship the con-
structor has pledged his professional
reputation against the unanimous opin-
ion of all of the expert wreckers who
have examined the ship. Yet the navy
department is unhesitatingly supporting
Hobson's judgment, as is indicated by
the fact that recently it shipped from
New York \$20,000 worth of specially
manufactured rubber air bags, to be
used in lifting the Colon.

River and Harbor

The schooner Jennie G Pillsbury,
Pillsbury, from Port Liberty with a
cargo of coal arrived today for Dover.

The schooner Wilson & Willard, Ad-
erton, Boston for Eliot, light, arrived
today.

Another very large consignment of
coal for the Messrs J. A. and A. W. Wal-
ker arrived today as follows: C. C. C.
barge No. 4, Albion, from Baltimore
with 1600 tons; C. C. C. barge No. 5,
Muncho, with 1500 tons; C. C. C. barge
No. 1, Thomas, do, with 1450 tons.

The big steam collier Froberg,
Warrenton, Baltimore for Lynn with
coal arrived here last night with three
coal barges. The steamer left this
morning for Lynn.

Tug Howell, Hoyt, went to Boston
on Friday and returned with the large
Berwick, Snow, for Eliot, light.

Schooner Nellie J. Crocker, Hender-
son, cleared today to Apple river.

HOW'S THIS?

for any case of Catarrh that cannot be
cured by Hall's Catarrh Cure.

E. J. CHENEY & CO., Props., Tol-
edo, O.

We, the undersigned, have known P.
J. Cheney for the last 15 years, and be-
lieve him perfectly honorable in all busi-
ness transactions and financially able
to carry out any obligations made by their
firm.

West & Tracy, Wholesale Druggists,
Toledo, O.;
Waldron, Kinnas & Marvin, Whole-
sale Druggists, Toledo, O.

Hall's Catarrh Cure is taken interna-
lly, acting directly upon the blood and
mucous surfaces of the system. Testi-
monials sent free. Price 75c. per bot-
tle. Sold by all Druggists. Testimoni-
als free.

Allen to Inspect Navy Yards

WASHINGTON, Sept. 30.—Asst. Sec. Al-
len sailed from Washington today on
the Dolphin on a visit of inspection of
the various navy yards along the coast
as far north as Portsmouth, N. H. He
will touch first at Norfolk, and thence
go up the Delaware to League Island,
planning his trip so as to return to
Washington about the first of Novem-
ber.

CHANGES AT THE PUMPING STATION.

On Monday morning next Mr. Peter
Pecunias, who for the past three years
has been fireman under Engineer Thom-
as L. Jose, will relieve Frank Stearns,
fireman under Engineer Richard West-
on, who has been discharged. Mr.
James Quinn has been appointed fire-
man under Engineer Jose.

Educate Your Bowels With Cascarets.
Candy Cathartic, cure constipation forever.
10c, 25c. If C. C. C. fail, druggists refund money.

CHECKLIST NOTICE

The Board of Registrars of Voters for
the City of Portsmouth hereby give
notice that they will be in session at
the Common Council chamber at City Hall
in said city on the following dates, viz:
October 10th, 14th, 17th, 19th, 21st,
24th, 26th, 28th, 31st, November 1st,
1898, at the following hours: 9 a. m. to
12 m., 2 p. m. to 5 p. m., 7:30 p. m. to
9 p. m., for the purpose of making up
and correcting the Check lists of the
several wards in said city to be used at
the State election to be held on Novem-
ber 8th, 1898.

The said Board will be in session at
the same place on November 8th, 1898,
from 8 a. m. to 12 m. and 1 p. m. to 4 p.
m., for the purpose of granting certi-
ficates to those legal voters whose names
are omitted from the lists.

Voters must bear in mind that it is
their personal duty to see that their
names are on the lists by presenting
themselves at some meeting of the
board. This clause will be strictly en-
forced.

CHARLES W. HUMPHREYS, Chairman.
WM. T. ENTWISTLE, Clerk.
Dated Oct. 1, 1898.

POLICE NEWS

Items Gathered at the Station Today
by the Herald Reporter

The only arrest made by the police
last night was that of Patrick Sharp a
sailor, who was brought in from Con-
gress street at 7:45 by officers Shannon
and Robinson on the charge of drunk-
enness. Sharp put up a fight on the
way to the station but was hustled
along and soon behind the bars. His
actions caused him to be marked for
trial in court this forenoon.

There were three lodgers at the sta-
tion last night.

AT THE NAVY YARD.

The Lancaster will carry ten five inch
guns.

The marines are anxiously awaiting
pay day.

Much work is expected here after
November fourth.

The work of clearing up Camp Long
has been commenced.

All the stores were removed from the
Piscataqua on Friday.

Four war ships have been selected to
be ordered here for repairs.

Secretary Long has written Speaker
Reed that the Piscataqua will be kept
at this station as a yard tug.

The U. S. S. Newport has been placed
out of commission at Newport. This
vessel was selected to be sent here by
Chief Constructor Hildbora.

The friends of Lieutenant-Commander
James K. Cogswell are congratulating
him on his good fortune in being
appointed inspector of this lighthouse
district.

Five Behavior of our Tough Titleds.

The prophets of evil of the Tampa
Bay hotel had foretold that the cowboys
would shoot as they chug, and in the
field would act independently of their
officers. As it turned out, the cowboys
were the very men who wanted most
patience for the officers to give the word
of command. At all times the move-
ment was without rest, breathless and
daring, like a canoe race on a street fight.
After the first three minutes every man
had stripped as though for a wrestling
match, throwing off all his impedimen-
ta but his cartridge belt and can-
teen. Even then the sun handicapped their
strength cruelly.

The enemy were led in the shade of
the jungle, while they had to fight in
the open for every duck they gained.
Crawling through grass which was as
hot as a steam bath, and with their flesh
and clothing torn by thorns and the
swordslike blades of the Spanish bayonet.
The glare of the sun was full in their
eyes and as fierce as a hand-light.—*Rich-
ard Harding Davis in Scribner's*

PORTSMOUTH'S INTERESTS.

You want local news? Read the more local news than all other local dailies combined. Try it.

SATURDAY, OCT. 1, 1898.

May Ellen Lease has joined the speaking spiritualists.

The mustering out of brave men means a big crop of fall weddings.

Ore is a full-fledged Cuban, and some humane power should gather it in.

At the Chicago peace jubilee 5,000 school children are to sing a song of victory.

Admiral Sampson should proceed to explain to Mr. Ramon Blanco the true inwardness of the word "immediately."

The peace commissioners have landed only on French soil. Later on the Washington Post says they expect to land on Spain.

Aguinaldo realizes that he is not likely to be a very substantial quantity, but distinctly refuses to sacrifice any of his parade privileges.

Congressman Sulloway is not worrying about the result. He is going to Washington to do a few chores for some of his constituents.

The duke of Tetuan has a great deal of kindhearted of a very superior quality. He says Spain should have sold Cuba to the United States for a good round sum.

The French foreign office says the Marchand expedition to Fashoda is "quite unofficial." It will not be quite unannounced when Gen. Kitchener reaches it. Gen. Kitchener, by the way, carries the flag of the great and good Mr. Bull.

The intimation that comes from Washington that it is proposed to add "a minister of colonies" to the cabinet is probably correct. The acquisition of Hawaii, Porto Rico, Guam and the Philippines will make a colonial department necessary.

FROM THE YUKON.

Returning Gold Seekers Tell of Prospects in the Alaskan Gold Fields.

Port Townsend, Wash., Sept. 30.—The bark Hayden Brown, from St. Michaels, has arrived, bringing 20 passengers from the various mining sections of the Yukon basin. About 20 direct from Kotzebue Sound, having left that section as late as Sept. 6. All confirm previous reports of no gold being found on the sound.

E. H. Sullivan of Colfax is among the returning miners from the Yukon basin. He has spent 14 months in searching for gold, and has visited nearly every mining camp on the Yukon. He speaks of the highest promise the prospects of American river and its tributaries. On the American river 55 claims have been located and are being worked, and on its tributaries 209 more claims have been worked during the summer, some of them being quite rich.

No. 4 yielded \$100 per day to the man but it was not worked long, owing to the high water. Discovery Gulch has made the best showing in production of gold, having been extensively worked and more favorably situated. Eagle City is the outstanding point for American river and tributaries, and it is rapidly becoming a formidable rival to Dawson. The United States government has established there a military post of 75 men and a custom house. There are about 600 men in that immediate vicinity, and during the summer there has not been a single case of disease.

P. J. Touhy of Chicago spent the season at Circle City. He reports about 700 working in that district and that claims are yielding well. Wages are \$10 per day.

AN AGREEMENT REACHED.

Randolph, Mass., Sept. 30.—As the result of a meeting held here this morning between representatives of the Leather Protective Union and Haggerty & Sullivan, shoe manufacturers, an agreement as to prices was reached and the men who stopped work Wednesday under orders from the union, returned. Neither side would state just what the terms of settlement were, nor would they say whether or not the men were to use the machines or do hand work. The union has fixed the time for the acceptance of their new price list for last night at 5 p. m. next Tuesday for the manufacturers in this vicinity. Hopes are entertained that the matter will be settled without a serious fight, especially since Haggerty & Sullivan already have reached an agreement. The men will be ordered out in every factory here not signing the new list promptly on Tuesday afternoon.

ARMY USES NERVURA.

Maj. Caygle and Maj. Pebbles Cured by Dr. Greene's Nervura.

High Officers of Salvation Army Recommend People to Use Dr. Greene's Nervura, Because it Cured Them. They Know it will Cure the Sick and Suffering Everywhere.

Maj. Rawson Caygle, Trade Secretary of the Salvation Army at National Headquarters, 120 West 14th Street, New York City, writes:

"I have used Dr. Greene's Nervura blood and nerve remedy now for some time, and on more than one occasion when suffering from nervousness brought on through overwork, I have found it to act as an immediate cure. I have also found it to be a great relief for neuritis."

"Whenever I hear of any case among our officers of sickness, either mental or physical, brought on through the strain of their varied duties, I invariably recommend Dr. Greene's Nervura, and I know several cases in which it has proved of the greatest possible benefit. It gives me great pleasure to add my testimony to the many others in its favor."

Maj. H. Maj. Pebbles, Commander of Southern Division, Salvation Army, 428 R St., Washington, D. C., says:

"I have used Dr. Greene's Nervura blood and nerve remedy for some time past. I was very ill and quite unable to perform my duties, but with the use of Dr. Greene's Nervura I have been able to perform a great amount of work, which I do not think I should have been able to do in my own strength. I believe Dr. Greene's Nervura has been a help and benefit to me."

Dr. Greene's Nervura blood and nerve remedy will cure you if you will use it. Bear in mind also that you can consult about your case personally or by letter, without charge, with Dr. Greene, 34 Temple Place, Boston, Mass., acknowledged to be the most successful physician in curing disease.

SUNDAY SERVICES.

CONGREGATIONAL CHURCH.
Rev. L. H. Thayer, pastor. Morning service at 10:30. Sunday school in the chapel at 12:00. Young people's meeting at 6:45 p. m. Vesper service at 7:30. All are welcome.

BAPTIST CHURCH.
No pastor. Services at 10:30 a. m. and 7:30 p. m. Sunday school in the chapel at 12:00. Prayer meetings Tuesdays and Fridays at 7:45 p. m. All are invited.

PREMIER BAPTIST CHURCH.
Rev. Robert L. Dutton, pastor. Preaching at 10:30 a. m. Sunday school at 11:45 a. m. Junior Christian Endeavor meeting at 3:00 p. m. Prayer meeting at 7:30 p. m. Christian Endeavor meeting Tuesday evening at 7:30. Prayer and social meeting Friday evening.

OLD ST. JOHN'S CHURCH—EPISCOPAL.
Church held, Rev. Henry E. Hovey, rector. Sunday, at 10:30 a. m., morning prayer, litany and sermon. Holy communion, first Sunday in every month and the greater feasts, 12:00 a. m. CHURCH OF THE IMMACULATE CONCEPTION.
Rev. Eugene M. O'Callaghan, pastor. Services at 8:00 and 10:30 a. m. Vespers at 3:00 p. m.

BY TELEGRAPH.

DECLARED A DRAW.

New York, Sept. 30.—The bantam weight championship of America still belongs to Casper Leon, the Italian boxer of this city, but he had a close call to hold the title in a twenty-five round bout with Steve Flanagan of Philadelphia, before the Lenox Athletic club tonight. The two lads met at 100 pounds and put up a bout which was the cleverest and liveliest contest which has ever taken place in this arena. Towards the close of the fight the stiff pace told on Leon, while the Philadelphia showed very slight signs of distress. The referee satisfied the majority of those who witnessed the contest, when he declared the fight a draw.

JAPAN STORM SWEEP.

SAN FRANCISCO, Sept. 30.—The steamer Gaelic arrived here tonight from Hong Kong and Yokohama, via Honolulu, bringing the congressional commissioners from the latter place. The Gaelic brings news of a terrific storm which swept over Japan on Sept. 6th. The wind did great damage to shipping and caused severe loss of life and great damage to property. Two hundred and fifty lives were lost, one hundred and sixty four houses were swept away and over 13,000 homes were partially wrecked.

A DUEL BETWEEN FRENCHMEN.

PARIS, Sept. 30.—A duel has been arranged between M. Charles Ernest Paulmier, a member of the chamber of deputies from Calvados, whose wife on Sept. 23d went to the office of La Lanterne and twice shot M. Ollivier, the editor's secretary, because, as she asserted, the paper had slandered herself and husband, and Mr. Tarlet, the writer of the article, the publication of which led to the shooting. The meeting will take place tomorrow.

TERRIFIC FOREST FIRES IN THE WEST.

MINNEAPOLIS, Sept. 30.—A special to the Journal from Chippewa Falls, Wis. conveys a story of forest fires still raging, as the forest fires are still creating great havoc through this section of the state. It is estimated that already 555,000,000 feet of lumber have been destroyed. The lumber companies are sending hundreds of their men into the woods in an endeavor to save the standing pine.

EXPLOSION OF POWDER.

MINNEAPOLIS, Sept. 30.—A special to the Journal from Wallace, Idaho, says seven boxes of powder exploded in tunnel No. 1 at Mullan last night. The night men were overcome by gas. Thirty men were taken out unconscious, but it is believed all will recover.

M. CAMBON SAILS TODAY.

WASHINGTON, Sept. 30.—The French ambassador, M. Cambon, left today for New York and will sail tomorrow for Havre, bound for Paris. He states that his trip is totally without political significance.

TROUBLE BETWEEN MINERS AND NEGROES.

St. Louis, Sept. 30.—A special to the Post-Dispatch from Pana, Ill., says two hundred Pana miners held up a Baltimore & Ohio train at two o'clock this afternoon. The train was carrying sixty imported negroes for work in the Pana mines. At the point of guns the miners compelled the negroes to leave the train and started to march them to Tower hill to ship them back to Washington, Indiana. Sheriff Cartwright is said to be on the way to Tower hill with a posse to release the negroes. A clash between the miners and deputies is expected.

BASE BALL GAMES.

The following was the result of the games played in the National league on Friday:
Boston 7, Philadelphia 3; at Boston.
Baltimore 8, Brooklyn 3; at Baltimore.
Brooklyn 0, called in eighth inning on account of darkness; at Baltimore.
Washington 5, New York 5; at Washington; called in the ninth inning on account of darkness.
Louisville-Chicago, and St. Louis-Cincinnati games, were prevented by rain.

THE ASSISTANT SECRETARY STARTS.

WASHINGTON, Sept. 30.—Assistant Secretary of the Navy Allen started today from Washington on the dispatch boat Dolphin on his visit of inspection of the various navy yards on the Atlantic coast, going north as far as Portsmouth, N. H. He will touch first at Norfolk, and thence will go up the Delaware to League Island, and planning his trip so as to return to Washington by the first of November.

AN ACTOR SUICIDES.

New York, Sept. 30.—Scott English,

an actor in Julia Arthur's company, shot himself through the heart tonight in a theatrical building on West Twenty-seventh street. English was dismissed from the company a few days ago for failing to attend a rehearsal and was out of funds.

HENRY GEORGE NOMINATED.

New York, Sept. 30.—At a meeting of the Chicago platform democrats to-night Henry George, the son of the great single tax advocate, was nominated for governor on an independent state democratic ticket.

THE PROHIBITORY MAJORITY.

Toronto, Sept. 30.—The majority for prohibition throughout the entire Dominion will not likely exceed 13,000.

QUEEN CITY GIRL A SUICIDE.

MANCHESTER, Sept. 30.—Miss Bessie Colgate, one of the society belles of this city, took her own life at one o'clock this afternoon by shooting herself through the heart. She was out driving at eleven a. m. and on returning to her home she ended her life. She was twenty years of age and was engaged to a prominent New York physician. She was wealthy and had everything to live for.

CEMETERY LOTS CARED FOR

AND TURNING DONS.

With increased facilities the subscriber is again prepared to take charge of and keep in order and visit in any of the cemeteries of the city as may be intended to his care. He will also give careful attention to the turning and grading of lots, also to the cleaning of monuments and headstones, and the removal of bodies and addition to work at the cemeteries. He will, this season, be "caring and gardening in the city at short notice."

Cemetery lots for sale, also Lots and Trees.

Orders for lot for residence, No. 13 Bow street, at by mail, or left with Oliver W. Ham, secretary to R. H. Hall, at Market street, will receive prompt attention.

R. J. GRIFFIN

SANTAL-MIDY

These tiny Capsules are superior to Balsam of Capibia, Cubeba or Injections and CURE IN 48 HOURS the same diseases with out inconvenience.

A School Girl's Nerves.

This record is of especial value to parents. It's a message from a loving mother dedicated to the mothers of growing girls. A truthful narrative of the utmost interest and import.

It is important that the nerves are carefully guarded. Mothers who have young daughters of school age should watch their health more carefully than their studies. The proper development of their body is of first importance.

After the confinement of the school room, plenty of out-door exercise should be taken. It is better that children never learn their a, b, c's, than that by over-study they lose their health.

All this is self-evident. Everyone admits it—everyone knows it, but everyone does not know how to build the health up when once broken down, even the best physicians failing at times.

The following method of Mrs. Stephen Barnes, whose post office address is Burney, Ind., if rightly applied, may save your daughter.

When her daughter Lucy was at that critical girlhood age of twelve years she grew weak and nervous.

"Previously she had been a bright, healthy young girl," says Mrs. Barnes. She was diligent and progressive in her studies.

"It became necessary, however, for her to leave school."

"She was overtaxed mentally and physically."

Her nerves were at such a tension that the least noise irritated her.

"She had continual twitching in the arms and lower limbs and symptoms of St. Vitus' dance."

"Her blood was out of order she was thin and pale, almost lifeless. In three months she lost twenty-three pounds."

"We did everything possible for her, and she had the best of medical treatment. Several skilled physicians attended her, but no benefit was apparent."

"A family friend visiting us, told how her daughter had been similarly affected, but cured by Dr. Williams' Pink Pills for Pale People."

"She urged us to try the pills, and we finally consented."

"We have always rejoiced that we did. The pills helped Lucy at once, and after taking eight boxes she was entirely cured."

"She is now in perfect health, strong, weighs ten pounds more than ever before, and her cheeks are full of color."

"Two years of schooling were missed on account of ill health, but now she can gratify her ambition to study and become an educated woman."

The reason that Dr. Williams' Pink Pills for Pale People were helpful in the above case, is that they are composed of vegetable remedies which act directly on the impure blood, the foundation of disease.

As the blood rushes through all parts of the body, the conveyor of good or bad health, it is necessary that it should be pure, rich and red.

Dr. Williams' Pink Pills build up the blood by supplying its life giving elements which nourishes the various organs, stimulating them to activity in the performance of their functions and thus drives disease from the system.

"The pills are in universal demand and sold by all druggists."

SEND SICK HOME.

Instructions the of President to General Brooke.

SEVEN HUNDRED HAVE STARTED.

Other Ships For Transporting Sick Have Been Ordered to Ponce—Hay Takes Oath of Office as Secretary of State. General Merritt Sends Long Report of His Work at Manila.

Washington, Sept. 30.—The war department has posted the following: "The president has given instructions that all sick at Porto Rico be sent north as soon as they are able to travel with safety, his purpose being to relieve General Brooke of the further care of the sick and at the same time enable the men to receive the treatment obtainable in the better appointed hospitals. The men will be furnished, as in cases of those returning from Santiago, about 700 will leave today on the Relief and the Missouri."

In conformity with the above the quartermaster's department issued orders to the officers having charge of the shipping at New York, telling them to send ships to Ponce equipped for carrying the sick to this country. There are several regular transports now going to Porto Rico and Cuba. Their route is from New York to San Juan, Ponce and Santiago. As soon as Havana is occupied it will be added to the points where the transports will touch.

The report of Major General Wesley Merritt of his operations about Manila was made public at the war department today. It is dated on board the transport China, Aug. 21. After giving briefly the story of his embarkation and his arrival at Manila and the disposition of the troops there he goes into a history of the campaign. The report contains about 3000 words.

Among other things General Merritt says: "General Aguinaldo did not visit me on my arrival nor offer his services as a subordinate military leader, and as my instructions from the president fully contemplated the occupation of the islands by the American land forces, and stated that the powers of the military occupant are absolute and supreme and

immediate operate upon the political condition of the inhabitants," I did not consider it wise to hold any direct communication with the insurgent leader until I should be in possession of the city of Manila, especially as I would not until then be in a position to issue a proclamation and enforce my authority. In the event that his pretensions should clash with my designs. For these reasons the preparations for the attack on the city were pressed and military operations conducted without reference to the situation of the insurgent forces. The wisdom of this course was subsequently fully established by the fact that when the troops of my command carried the Spanish intrenchments, extending from the sea to the Passay road on the extreme Spanish right, we were under no obligations, by prearranged plans or mutual attack to turn to the right and clear the front still held against the insurgents, but were able to move forward at once and occupy the city and suburbs."

Colonel John Hay was sworn into office as secretary of state at 11 o'clock this morning. The ceremony took place in the president's room at the white house, and the oath was administered by Justice Harlan of the supreme court. Mr. Hay immediately joined his colleagues in the regular Friday cabinet meeting.

Secretary Alger has a letter from General Wood, military governor of Santiago. It is personal to a great extent, but deals with many questions of interest to the public, and Secretary Alger has allowed some extracts to be published. It may be stated that the secretary feels that the course of events at Santiago has demonstrated the wisdom shown in the selection of General Wood for this peculiarly difficult post. Combining, as he did, medical skill with the highest type of soldierly qualities and executive ability, he was able to direct and overcome the problems presented at Santiago. The letter more over presents vividly the frightful conditions that confronted the American army of occupation over the surrender of Santiago.

General Wood says, in part: "I have had a very difficult position from a sanitary point of view and a not altogether easy one from a military and civil standpoint. When I came into the city, the sanitary situation was something dreadful. There were a great many unburied dead in the houses, between 2000 and 3000 Spanish wounded and sick, and a great number of half-famished and sick people, nearly 20,000 in number, who had just returned from El Caney, where they had gone during the siege."

We had yellow fever all around us, and about 20 cases in the Spanish military hospital. The civil hospital was full of dying people, and public buildings were being used as hospitals. On the whole, it was an extremely difficult task requiring a great deal of hard work. I have been working systematically with every means at hand to improve the sanitary condition of the city. It is in this department that a vast amount of work has been done. I have a force of about 150 men constantly employed, and at many times have had nearly double this force working day and night to remove the vast accumulations of indescribable filth which has accumulated in the outhouses and yards as well as the streets of the city, which is reported to be one of the most unhealthy and dirty in the world. The death rate has dropped steadily since we came, and is now about one-fourth of what it was in July. The water system has been put in order, and a great many repairs made to it, and the supply although insufficient is utilized to the greatest advantage."

It is reported on good authority that Governor Roger Wolcott of Massachusetts will be selected to succeed Ambassador Hay at the court of St. James. The president is said to be most favorably disposed toward Governor Wolcott for the mission.

HE MAY DECLINE.

Judge Van Wyck Did Not Desire the Nomination For Governor.

New York, Sept. 30.—The Tribune today prints the following: "Rumors thick and fast among Brooklyn Democrats last night to the effect that Richard Croker and his friends would have hard work to hold Justice Van Wyck or

the ticket, and this rumor was backed up by a story of what is alleged to have taken place in the justice's private room in the court house yesterday afternoon as soon as he was informed by his political friends that it was surely a fact he was nominated. The justice, it is said, was angry, and could hardly believe that he had been nominated. "I don't want this nomination," he is reported to have said with vehemence "and I won't take it. What right had they to put me on that ticket without consulting me fully about it beforehand? This is simply a scheme of Croker's to replace another man in my place, knowing that I would not run. As soon as I am off the ticket, Croker will get his friends together, and they will put up a man of their own."

It is said that the justice was all wrought up over the nomination. As a candidate in the second judicial district, he thinks he would have an even chance of succeeding himself as a supreme court justice, with a good salary and a long term. The political outlook is not rosy enough for him or any one else to believe that he will be the next governor, and that is what gives rise to the talk in Brooklyn about his resigning the nomination. The justice spent the greater part of yesterday in Manhattan with his brother, the mayor, and it was reported that the mayor did not encourage him to take the doubtful honor of a nomination for governor this fall. He was in Mayor Van Wyck's office

WILL PLEASE MANY.

A Valuable Remedy for Wasting Diseases, Put up in an Entirely New Form.

DOCTORS AND DRUGGISTS, AS WELL AS THE PUBLIC, ARE DEEPLY INTERESTED.

Bound to Revolutionize the Science of Medicine in America.

Nowadays it takes considerable to astonish the world. So many wonderful things have been discovered in the past century that it has seemed almost impossible that anything more could be found to add to the comfort or benefit of man.

Probably a branch of science has made such wonderful strides as have been made in the practice of medicine. Diseases that a number of years ago were considered fatal, are now known to be curable. Even consumption is no longer looked upon with the dread that it formerly inspired.

It is right at this line of wasting diseases that we have news of a wonderful discovery—one that is bound to revolutionize the science of medicine and startle the world. Everyone is familiar with methods that have been employed by physicians for years, in cases that they were afraid would develop into a chronic. In all troubles of the throat, lungs, bronchial tubes and other similar ailments that were known to end disastrously, about the first thing the doctor would do would be to recommend cod liver oil, for cod liver oil has been recognized for a great many years as possessing peculiar medicinal properties particularly adapted for the cure of such troubles.

Everybody knows the objection, however, to the use of this nauseating remedy. So extremely disagreeable is the taste and smell of cod liver oil that many people have been unable to take a single dose of it. Many others have made heroic efforts to take the medicine, but have been obliged to abandon it after struggling with the horrible stuff for a few days. The consequence is that thousands who might have been saved, had it been possible to administer this potent medicine. Enough people have been able to assimilate cod liver oil to prove to the medical profession and the world at large, its intrinsic value. Such patients as were blessed with unusually strong stomachs derived benefit from cod liver oil. Why then, could not a form of it be devised, to be administered to patients whose digestive organs had been weakened by disease.

This is exactly what scientists and chemists have been aiming at for years, and this is exactly what has been accomplished by two prominent French chemists. Their secret has been brought to America and our own Mr. Andrew P. Preston has succeeded in connecting himself with the prominent firm of New York chemists who are placing this new preparation on the market. The preparation in question, now that it has been discovered, like all other great inventions is simple. It is a peculiar process the liver of the fish is treated in such a manner that there is obtained an extract which contains all, and only all, of the curative properties that have made cod liver oil famous. The horrible smelling, nauseating-tasting fat that has always been a part of this remedy, has been left entirely behind.

This curative extract is the basis of Vinol, which Mr. Preston is presenting to the public. It is placed in a delicious table wine, and in itself being tasteless, the consumer is unable to distinguish the fact that he is taking anything more than a pleasant claret. Mr. Preston has indeed struck it just right in making arrangements to handle this new remedy, which goes under the name of Vinol-Wine of Cod Liver Oil. It is worth anyone's while to talk to him about it and to learn directly from him the good that is being done by finding a way to administer what has always been a horrible and much dreaded medicine, in a form that is actually pleasant, to say nothing of being a hundred times as efficient.

at the city hall when the information came that he had been nominated for governor at Syracuse. Reporters at the city hall sent an inquiry, and Justice Van Wyck returned an answer that he had nothing to say about the nomination. The justice and his brother, the mayor, dined together last evening at the Hotel Manhattan, and were seen to be talking together earnestly, but neither would give an interview to newspaper men. At midnight Justice Van Wyck returned to his home at 172 Hancock street, in Brooklyn. Several reporters were waiting there to see him, but he refused to say anything except "Good night, good night."

RUMORS ASKED FOR. St. Louis, Mo., Sept. 30.—The sheriff at Pana, Ill., here there has been trouble between imported negroes and the union miners, telegraphed Governor Tanner at 5 a. m. today to send 300 rifles and have the negroes in Pana at 7 a. m. The governor said the request could not be complied with.

ONE MUST REDEE.

Every Probability of Deadlock in Peace Negotiations.

SPAIN AND AMERICA FAR APART.

Former Country Utterly Fails to Appreciate or Realize Her Situation—War Seems to Have Tangled Done Nothing. American Commission Is Ready For Business.

New York, Sept. 30.—A special cable dispatch to the Sun from Paris says: It is impossible to describe the situation in regard to the coming peace negotiations as hopeful. There is no possibility of the Spanish and American commissioners, who will meet formally for the first time on Saturday, reaching any agreement until the instructions given by one or both governments are radically changed. It goes without saying that the country to abandon its present position will not be America.

The fundamental difficulty is the utter and incomprehensible failure of Spain and her representatives to realize their situation. They are, likewise, lamentably ignorant of American motives and sentiment. The war seems to have taught them nothing in this respect. They still regard the United States as a nation of shopkeepers, whose sole ambition is to drive a hard bargain, and who are susceptible only to arguments based on dollars and cents.

The Spanish commissioners have come to Paris armed with a mass of quibbles and technicalities, with which they propose to confront point by point every American claim, especially outside of Cuba and Porto Rico. Their instructions above all compel them to resist to the last resort any surrender of Spanish sovereignty in the Philippines.

It has been repeatedly suggested to Senator Sagor, the Spanish prime minister, and the Spanish commission during the last few days that a frank confession of helplessness and an appeal to the magnanimity of the victors would secure for Spain the most liberal possible terms. But the Spanish leaders so utterly fail to understand American character that they rejected the suggestion almost at once.

The result of the negotiations can only be a deadlock, which will be reached either early in the negotiations or after weeks are wasted in discussion. Some neutral observers who know the Spanish attitude do not hesitate to say that it is a question of how long the Spanish government will be able to maintain its position before the country comes to its senses. This would quickly prove effective, for it is only Madrid and other interior points that have not yet discovered that Spain is a vanquished nation.

One of the most prominent citizens of Barcelona informed your correspondent yesterday that it had been definitely arranged by the authorities and the most influential men of that city, in the event of the expected appearance of Watson's squadron, to promptly surrender and assist the Americans on the ground at Madrid in order to bring the government to a realization of its folly. Frenchmen still sympathetic with Spain, but there is arising, especially in official circles, irritation and disgust over the stupidity of her present attitude. French influence, which is already being brought to bear on the Spanish government, is strongly in favor of their recognition of accomplished facts. This influence will be more effective than anything the American commissioners could say or do. If it is exerted also in Madrid, it may make possible a treaty of peace on lines within the scope of the American instructions.

Paris, Sept. 30.—The United States peace commission has taken possession of its working quarters—a suite of seven rooms on the ground floor of the Hotel Continental, formerly used by the ex-empress Eugenie. American flags draped the entrance of the peace commission's apartments. The clerical force of the commission has been systematically and is now working busily. The spirit of the Paris press is daily rendered into English for the information of the commissioners, and the same thing is done with the newspapers of Madrid. Many wooden boxes of records, data and authorities affecting the case of the United States were unpacked today and carefully arranged. The American commission held its usual session this morning. It is believed the commissioners are crystallizing their plans and are arranging all the details of the work which will be taken up when the commissions begin their joint sessions.

This is the first incident day since the commission has been officially announced and the wives of the commissioners and other members of the party are devoting it to visiting the Louvre and other places of interest. The Spanish commissioners formally deny the various interviews and paragraphs purporting to give the substance of their instructions, which have appeared in the newspapers. The secretary of the Spanish commission said to the representative of the Associated Press with the American commission: "No member of our commission has given any interview, and all which have appeared in print as to our instructions is false. We are here to defend ourselves, and naturally we are not willing to give any of our weapons to our opponents."

ARCHBISHOPS TO MEET. Washington, Sept. 30.—The condition of the Catholic church throughout the country will be considered at the annual meeting of the archbishops of the United States, which will be held at the Fall attendance of the leading figures of the church is expected, including Archbishop Keane, who has come from Rome to attend the annual gathering. The directors of the university hold their annual meeting at the same time. It is understood that the archbishops will deal with little outside of the routine affairs of the church. It is said that the meeting will not deal with the questions of Catholic authority in Cuba, Porto Rico and the Philippines.

TURKS VS. ARMENIANS. Constantinople, Sept. 30.—Advices just received from Van say fighting has occurred at Alashgorb between the Turks and a number of Armenians from Russia. About 50 Armenians were killed.

SWEPT BY FLAMES.

Great Timber Domains Being Devastated by Fire.

NO RELIEF FROM RAIN INDICATED.

Settlers Struggling Desperately to Save Their Homes From Destruction—No Loss of Life Is Yet Reported—Affairs in Wisconsin Are Also Reported Critical. Trails Run Through Sea of Fire.

Denver, Colo., Sept. 30.—The weather man can offer no hope for those on the western slope whose homes and crops are threatened by forest fires. There are no indications whatever of rain, and this seems to be the only element to stay the flames' fury.

Throughout Eagle county high winds have prevailed, giving a fresh impetus to the fires that are devastating the timber domain. In consequence new territory is being devoured. The blaze is rapidly extending along the grand reserves of Grand to contain, west of Homestead creek, and from present appearances will sweep the country to Bear mountain, at Manitou.

Back of Manitou to the heads of Willow and Two Elk the country is devastated, little remaining to feed the flames. From Homestead mountain the wind has driven the fire to the edge of Gypsum creek. The settlers of Upper Gypsum, Gannon, Collins and others are fighting desperately to save their homes and stop its passage across into the magnificent forest of West Brush. If it gets into Brush the finest body of timber in the state will go.

No loss of life has been reported, but several people have lost their homes and their crops. All the game is leaving the country and escaping the smoke and heat of the blazing woods.

Dispatches received here say that Whiskey's Peak, between North and Middle Park, is now a mass of flames. It is greatly feared that the fire will extend to both these beautiful camping grounds. The fire has already cut a swath 25 miles long, from the Grand river almost to Dillon, in Summit county. The width is as yet unknown. Krenning, in Grand county, has had a narrow escape, and the danger is not yet entirely over.

The fire in the vicinity of Duray are not as bad as for several days previous, but the smouldering embers may be fanned into an awful conflagration by the slightest wind. The fires around Aspen are working down the mountain side toward the town, although they are not burning with the force they have been. At Gunnison, Crested Butte, Wolfcut and Glenwood Springs the fires are still raging. No estimate of the damage to timber and ranches can be given, but it will run far into the thousands of dollars.

MANY FAMILIES HOPELESS.

Milwaukee, Sept. 30.—A special to the Sentinel from Cumberland says: Fire, supposed to have originated in forest fires, burned half this city and destroyed a property loss estimated at \$25,000. About 25 families are homeless. Five children are reported burned to death. A large sawmill is among the buildings burned, throwing many out of employment. Rain saved the entire city from being burned. Wires are down, and particulars are hard to get.

ROCKEFELLER'S MONOLITH.

Immense Monument to Be Erected in His Cleveland Burial Lot.

Cleveland, Sept. 30.—The biggest monolith ever quarried in the United States will mark the family lot of John D. Rockefeller in Lakewood cemetery. The monument will be plain, but it will attract great attention from its mammoth size. It will be erected in November. The monument will be 65 feet high from the base to the top. It will be 16 feet square at the base. It will be placed on the same ridge as the Garfield memorial, and will be the center of a circle of vaults, which contain, or which will contain, the remains of the Rockefeller family members. The base itself is 10 feet high. The single stone that surmounts it is 55 feet high. It has been dressed at the quarry at Barre, Vt., and it is the largest stone which can be shipped by rail without straining bridges and demoralizing roadbeds. Special cars of extraordinary strength have been constructed at Mr. Rockefeller's order to convey the stone to Cleveland, and the bridges over which these cars will pass will be inspected just before the cars cross them.

Only one obelisk in the United States surpasses the Rockefeller stone in size and weight. That is the Egyptian obelisk in Central park, New York. This stone is 19 feet taller than the one bought by Rockefeller. FLED FOR HIS LIFE.

London, Sept. 30.—The correspondent of The Globe at Hong Kong says King Kowat, the Cantonese reformer, in interviews since his escape from Peking, has said he died because the emperor informed him of a plot to depose and kill the reform leaders. His majesty, therefore, leader added, wanted Kang Yuwei to escape while there was time for him to do so, and commissioned him to endeavor to obtain protection for the emperor and for the empire.

WOMAN BURNED TO DEATH.

Milwaukee, Sept. 30.—A special to The Sentinel from Chicago says: Falls says Mrs. Jacob Corson was burned to death while fighting forest fires yesterday. Her two children, while attempting to save her, were badly burned about the face and head. Passengers on the Wisconsin Central train from the north last night say the train passed through an almost continuous sea of fire.

NANCY IS STILL FREE.

London, Sept. 30.—The officials of the United States embassy only received yesterday evening instructions in regard to the extradition of the woman alleged to be Dr. Nancy Gufford, the midwife of Bridgeport, Conn., who arrived at Liverpool on Tuesday last on the steamer Vancouver from Montreal. A warrant for the provisional arrest of the woman until the arrival here of extradition documents is now in the hands of the officials of Scotland Yard. The well-known Inspector Freest has charge of the case, but thus far the woman has not been arrested.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

TO BE REPEATED UPON.

Because it is the Experience of Portsmouth Citizens and Can Be Investigated.

Suppose you were an utter stranger in a large city and completely lost your way, whose guidance could you place the most confidence in? The stranger's lost like yourself, or a resident's born and bred in the city? When a ship reaches the office of a strange port, whose hand directs the tiller and brings her safe to her moorings? A trusty pilot's or a greenhorn's? When opinions, experience and statements are the reader deposed upon the more, those published from bona fide Portsmouth citizens or those originally drafted in every hole and corner of the Union, except your own Portsmouth and its suburbs? Read this Portsmouth case:

Mr. Thos. Entwistle, city marshal, says: "I was never troubled very much with my kidneys but I had a very sharp attack of lameness of the back and pain across the loins. At the time I got Doan's Kidney Pills at Philbrick's pharmacy I was suffering much distress. It hurt me to make any sudden movement and sharp twinges seized me in the small of the back when rising from a chair. I took but a few doses when I found they were helping me and before I had finished the whole box I was quite free from pain. I have had no trouble since. I can highly recommend Doan's Kidney Pills for aching and lameness in the back. I consider them an honest medicine and possessing all the merits claimed for them."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-McLure Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.
